## Congresswoman Love (R. Ut) Introduces New Bill To Raise Small Bank Exemption to \$3 Billion with Bi- Partisan Support

Today Congresswoman Mia Love (R Ut.) introduced a new Bill HR 4771, along with Democrat co- sponsors Reps. Gregory Meeks (D N.Y.) and Josh Gottheimer (D N.J), to raise the small bank consolidated capital exemption to \$3 Billion as companion House Legislation to S. 2155, the Senate bipartisan Community Bank Relief Bill. We are grateful to Congresswoman Love for her efforts and urge you to write your members in support of this important piece of legislation to mutual banks. We are particularly encouraged that the Bill has two Democrat co-sponsors. AMB has worked tirelessly to gain support in both Houses and our efforts are bearing fruit.
